CONFERENCES & COURSES

Hack The North (09/2017)

Hack the North is Canada's biggest hackathon, bringing together 1000 students from around the world, held every September at the University of Waterloo.

CUSEC (Canadian University Software Engineering Conference) (01/2018)

As a student-run non-profit organization, CUSEC allows for hundreds of students from all across Canada to come together to talk, network, and learn.

ORGANIZATIONS

The STEM Fellowship, Ottawa - Communications Manager (09/2017 – Present)

Student-run, non-profit organization equipping the next generation of student researchers & innovators with data science and scholarly writing skills.

Carleton University Choir - Design, Media Manager & Web Producer (09/2017 – 01/2018)

With a focus on the development of young adults, the organization produces its own performances and contributes to a broad range of audiences.

Ottawa Regional Youth Choir - Tenor (09/2017 – Present)

A large choral ensemble of as many as 90 voices presenting two major public concerts during the academic year with small & large-scale works.

ACHIEVEMENTS

Lynch-Getty Global Student Award - The Ottawa-Carleton Education Network (06/2017)

Award given to a student that demonstrated leadership in their community and involvement in groups, events, and activities that foster cross-cultural learning and understanding in school and in the community.

Music Department Leadership Award - Bell High School (06/2017)

Annual award recognizing the graduating student who best exemplifies a commitment to personal performance as well as leadership within the ensemble. The recipient has demonstrated perseverance and dedication to the department.
